

My Child Life Specialist helps explain things to me when I am worried about what will happen in the hospital.

My Child Life Specialist helps me be brave during medical procedures by showing me toys and telling me stories.

My Child Life Specialist teaches me about what is happening with my body.

**My Child Life Specialist plays games with me when I am bored and cares about how I feel.**

**My Child Life Specialist teaches me what the hospital feels, smells, sounds and tastes like.**
