Nearly one in five third graders in Minnesota is failing to reach basic levels of literacy. You can help change that.

As a Minnesota Reading Corps literacy tutor, you can help change this statistic and the lives of struggling readers. As the nation’s largest state AmeriCorps program, we are recognized because our tutors are getting results with the students they serve and are helping to ensure that all children are successful readers by the end of third grade.

Become a tutor! We are recruiting part-time literacy tutors at Tilden Community Center. Literacy tutors commit to one year of AmeriCorps service. They are parents, grandparents, recent college graduates, mid-career professionals and retirees who may want to get more involved at our school, explore a new career in education, re-enter the workforce or give back to their community. We train our tutors prior to service.

Benefits of serving include:
- Training and coaching in research-based literacy strategies
- Impacting the lives of children who need extra support to become proficient readers
- Biweekly living allowance of $500 (for full-time)
- Education award of up to $5,550
- Stronger connection to Hastings Community Education and Hastings Public Schools

Serve to grow. One year. This year.
